

PERQUE INTEGRATIVE HEALTH

Detox Program Overview

The PERQUE Integrative Health Detox Program delivers a safer, natural, multi-system detoxification through the synergy of 4 unique products.

PERQUE Detox IN Guard
Offers exclusive and complete Phase I and Phase II detoxification support*

- ◆ Sulfur amino acids remove toxic metals like lead, mercury and cadmium minerals, solvents like benzene and hormone disrupting biocides.*
- ◆ Lipotropic factors in the product work to protect cellular machinery and improve cell to cell communication.*

Dosage for Detox Program: 1 in morning/1 in evening

PERQUE Liva Guard Forté - Contains nutrients like carotenoids, milk thistle, and other powerful antioxidants

- ◆ Reduces environmental burden on the body through detox*
- ◆ Repairs, restores, rehabilitates, and protects the liver from harsh chemical exposures*

Dosage for Detox Program: 1 in morning/1 in evening

PERQUE Potent C Guard Powder or Tabsules - Fully reduced, fully buffered 100% L-ascorbate

- ◆ Mobilizes and removes harmful toxins from the body*
- ◆ Repairs and supports the immune system*
- ◆ Improves brain function*
- ◆ Restores hormonal balance*
- ◆ Provides powerful antioxidant support and protection*

Dosage for Detox Program: Individualized based on C-Calibration.

PERQUE EPA/DHA Guard - Contains active Omega 3 essential fats processed with a nitrogen-protected distillation procedure

- ◆ Helps essential nutrient uptake*
- ◆ Removes fat soluble toxins*
- ◆ Restores cell membrane flexibility

Dosage for Detox Program: 1 in morning/1 in evening

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

We recommend starting the Detox Program with a C-Cleanse/Calibration.

As the central antioxidant molecule responsible for regeneration, recycling, and cell detox, the amount of ascorbate needed by any given individual varies more widely than that of any other essential nutrient. The C calibration protocol makes it possible for patients to determine how much ascorbate they need, at any given point, in order to stimulate repair and respond to oxidative stress.

PERQUE's Potent C Guard Powder is the only ascorbate recommended for the cleanse. PERQUE Potent C Guard is potato sourced, allergen-free, and fully buffered with alkalizing minerals – calcium, magnesium, potassium, and zinc. It is triple recrystallized for purity and superior texture and prepared under a nitrogen blanket to prevent oxidation in the manufacturing and packaging process.
