

Phlebotomy Options*

Please note this list is provided as a courtesy for the convenience of clients for the blood draw for LRA and CMRT testing. We are not contracted with any of the phlebotomy companies listed and these are merely suggestions. Information on locations, phone numbers and prices are subject to change without notice. Please call the companies directly for pricing, to inquire about specific coverage areas, and to schedule draws. NOTE: Companies below DO NOT have test kits on hand. You must supply the appropriate test kit.

Please note: if you have a CMRT dental or orthopedic test kit, the draw tube is NOT included in your test kit and the sample requires a centrifuge. When contacting mobile services to draw for a CMRT kit, you must inform them that an SST tube and portable centrifuge is required for your draw appointment.

*Being listed here does not constitute a recommendation or endorsement of any specific company.

EXAM ONE Physical locations – **only for LRA testing draws – Do NOT use for dental or ortho screening**
